

Precision Counterbore Tools

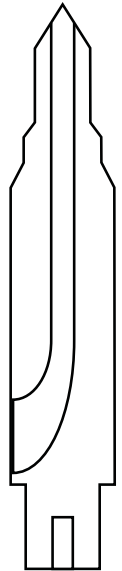

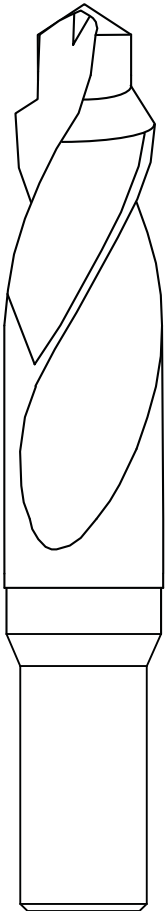

Prestige International is now the exclusive distributor for the finest cutting tools and counterbore drills for the custom wheel and automotive accessories industry.

These drills are built by the same company that makes drills for all the major wheel companies.

The Best Keep Coming Back for More....

All shank sizes, lube holes in drill, if needed.

All drills are packaged in a return box with a return label for reconditioning when resharpening is needed. All drills can be resharpened 4 or 5 times.
